Make a CHANGE in Madagascar

ORPHANS & VULNERABLE CHILDREN

For several years we have been supporting the education of orphans and vulnerable children in five different locations throughout east and central Madagascar. We are committed to providing higher education opportunities for these children, enabling them to develop the skills they need to become self-reliant.

Now our vision has grown. Our program director met a church member who, despite the yearly flood damage to her mud hut, continues to join the community in providing care for the village's orphans. In the future, we aim to support foster families like hers by providing safe shelters and nutritious meals, ensuring the children can grow up healthy, strong and educated.

“Making a CHANGE in Madagascar” is a wonderful opportunity for your generous heart to spread strength and hope to our neighbors in Madagascar. We want to team up with you to help support these less-fortunate children.

With just \$15 you can provide a month of education for an orphan or a month of support for a foster family taking care of a vulnerable child. Join us in bringing hope to the lives of Malagasy children.

***“Defend weak people and orphans.
Protect the rights of the oppressed and
the poor.” Psalm 82:3***
