JUNE 2024

Let's face it. Fathers are special. If you have a father like I have, you've had lessons in respect, automobile maintenance, the intricacies of science, special tricks and patterns of mathematics that you never knew existed, and dad jokes. Besides that, I have learned special lessons in finances, taxes, and budgeting. And, my father (though not rich) is faithful. He is always willing to do what he can to help me out of a bind. He is faithful.

There is Someone else who is faithful. Another Father. He doesn't just look down on our daily situations and say, "Ah, tough luck. Hope you work it out." No, He's faithful as the day is long (even longer). He sees the needs of His children and He tenderly cares for each one. Sometimes we have to wait. Sometimes, as He sees the road ahead, He knows that what we are asking for will not help us or be best for us. Then He says no. Many times we don't understand why and we cry and get angry with Him. Still, He NEVER abandons us.

Hebrews 13:5b says, "Never will I leave you; never will I forsake you" (NIV).

What a Father He is! So good to us and so very, very faithful!

If you have not had a good, earthly father experience or even if you have, remember we have a heavenly Father who ALWAYS takes care of us. Lean on Him.

—Sue

# Thank you for your cooperation in the following matters:

 **Please Note:** If you have a balance of \$50 or more after the 10th of the month, you will receive a late fee and there will be a hold placed on your account.

If you have mail that is not addressed to you and/or members of your household, please bring that to the office regularly. We will take care of it. It is a Federal offense to hold onto the mail of someone else.   
**Please note: If it is addressed to "Resident" or "Occupant," that means you. If you do not want it, please throw it out.**

When placing a work order with the office, please keep in mind two things:

1. The office workers do not generally know when the technician will go to your apartment to fix something. They go as soon as they are able to go. If it is a plumbing or electrical issue, the technician is from a different department so the office personnel may not even see the technician. 
2. The office workers are not always told immediately that something has been fixed so if your repair has not been fixed within a reasonable amount of time, kindly give a reminder call to the office.

The weather is certainly warming up now. Some of you may be feeling that your apartment is really hot. Here's an option:  
**Though our office does not offer any for sale or rent,** personal air conditioners may be used. An extra charge of \$20 per month for the electricity will be added to apartment rent during the months of June, July, and August if there is a unit in your window. The charges will be incurred whether the air conditioner is used or not. If you will not be using your unit and do not wish to pay the extra charge, please remove the air-conditioner from your window. Units requiring 220 volt circuits may be used in Garland apartments only. Beechwood and Maplewood apartments will handle 115 volt units only.  
**If you live in Beechwood, please contact our office (269-471-6979) before installing your unit.** 

If you are interested in a garden plot, please contact the Sustainable Agriculture Department: (269)471-6006 or [agriculture@andrews.edu](mailto:agriculture@andrews.edu). 

The garbage disposals were only made to take care of your table scraps. Please DO NOT place anything else down them or they will break. Thank you.

## Have you renewed your lease?

Are you moving?  
 Have you turned in a 30-day notice?  
Rent will be charged for a minimum of 30 days after we are informed that you are moving.  
**If your lease has not expired, you will have to find someone to take over your lease.**

Now that it is summer, people are out running, walking, playing sports and riding bikes/skateboards. Parents, please remind your children that riding bikes/skateboards near the apartments is VERY dangerous for them and for someone who may accidentally be hit. The long sidewalk between Garland Buildings and Beechwood is where bikes and skateboards should be ridden.  
Also please remind them that our tenants are students and need quiet time for study and sleep. There are playgrounds by Garland G and Garland F as well as a basketball court behind Garland F that are very good places to play. Please remind them to play there instead of in and around the buildings.  
Lastly, please be sure to drive slowly and cautiously in the parking lots and on the road around so as to ensure the safety of everyone in and around the apartments.
